

Rotators for Forklift

Rotator for Forklifts - There are various applications available for lift truck attachments. For instance, the lift truck rotator could help rotating, lifting and moving drums and barrels. Other attachments could be used in order to lift carpet rolls and cartons, for dumping waste materials or sand. A few of the most regularly used forklift attachments are the clamp, side shifter attachments, fork positioner and rotator. These tools come in various dimensions to fit different forklift units. They are meant to hold heavy items and are a benefit to many factory and warehouse settings.
