

Rockwell Part

Rockwell Part - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to meet and exceed their customers' expectations for delivery, quality, service and technology. They believe in working within an atmosphere which encourages the highest integrity with empowered collaboration, together with a unyielding pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They put great emphasis on being an environmentally conscious business and offering a safe atmosphere for their workers to work in. Additionally, they have applied various programs in the organization in order to help convey these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with whichever questions or comments, since they are happy to promote and share this policy with a greater knowledge of their efforts. They are very committed to improving and preserving the natural world. AxleTech has an EHS program which not only protects the natural environment but which likewise actively protects their employees and neighbors as well.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in manufacturing and designing planetary axles for both commercial and military applications. These applications vary from airport ground support to construction equipment. AxleTech particularly designs axles to meet particular application demands. They have over 1000 various axle specs in their existing offering. With over 100+ years of history and skill, AxleTech proudly supplies the most complete solution for any of your axle needs. The business is well known in many commercial and military applications. They offer complete axle assemblies utilized for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have further details that can be seen in the "ISAS" product selection.
