Advance-Nilfisk Parts - Think about how tiresome it would really be to tidy up your own home right after throwing a large party, with no help from cleaning machines. Back in the day, when carpets and upholstery had the dust beat out of them manually; cleaning cloths, brushes and brooms were the best cleaning supplies back then.

P.A. Fisker, the man who founded Nilfisk-Advance, was an electrical engineer who really loved working with electrical motors. Starting the company in 1906, he began to make motors in order to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's vision from the start was to have an international business advertising products globally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented a incredible, ground breaking vacuum cleaner that can be operated by a single person because it only weighed 17.5 kilos! This creation came in a time where numerous cleaning machines were massive and needed at least 4 operators, therefore, the Nilfisk C1 transformed everything and developed the manner we clean forever. The brain behind these very first cleaning machines remains unparalleled. Cleaning machines offer an excellent solution to an ongoing dilemma; things get dirty and need to be cleaned frequently, without too much effort.

Gradually but steadily, Nilfisk-Advance developed through the decades. During the nineteen eighties, this development truly took place the time the company became a part of the NKT Group. Their new owners' determination and motivation made Nilfisk-Advance take a huge leap ahead within the industry, trying to be amongst the leading international players in the market of professional cleaning machines. Nilfisk-Advance is currently found in all parts of the world by steadily obtaining lots of smaller companies to be able to grow their product range and presence in new markets. They are proud to offer different cleaning solutions to meet each need.
