

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each global business. Transporting industrial goods happens every day on our busy world. Initially innovated as industrial vehicles in the 1930s in the United States of America, lift trucks gained popularity after World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machines spread globally.

In 1949, established by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the company is simply referred to as TCM Corporation. Over the years, TCM forklifts have become a worldwide leader in lift truck manufacturing and have built a solid reputation in the business. TCM began building lift truck manufacturing locations outside of Japan in the 1980s and is presently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

With more than 50 years of accumulated expertise and technology, TCM has been proudly making several models of industrial forklifts, making their models recognizable all over the world. With a strong and energetic workers, TCM has been able to continually work towards becoming a future leading material handling company.
