

Meritor Parts

Meritor Part - The Meritor Company is a premier international supplier established upon 100 years of tradition of service and quality. Meritor specializes in integrated systems with a range of modules and parts to the original equipment manufacturers and aftermarket equipment in the industrial and transportation sectors.

Meritor prides itself in the company's unique energy and believes that this particular energy contributes to their competitive advantage within the worldwide operations. The business values their customers and wants to guarantee their success while anticipating their different requirements. Meritor begins with a tradition that values diversity of people and their broad thought processes. Operating in 19 nations and hiring over eleven thousand two hundred people, Meritor encourages collaboration and innovation amongst a team of experienced experts.

Meritor strongly believes in only hiring future focused employees. These top-caliber individuals could rapidly adapt to changing surroundings and freely demonstrate the level of commitment and performance considered necessary to obtain results for the competitive market environment. The company empowers their teams to make sound business decisions so as to improve the overall success of the business. In return, Meritor provides their employees various chances for professional and personal development.

Their Advanced Engineering team is at the forefront of components and system engineering which include drivelines, axles, braking and suspension systems intended for heavy duty and medium trucks, military vehicles, trailers, off-highway vehicles and buses. The Meritor Advanced Engineering team is developing. They opened a new technical center in Bangalore, India in September 2009 so as to lead their advanced product development initiatives that represent the whole Asia Pacific region. This particular team is likewise responsible for supporting the needs of their global engineering employees.

The Quality team at Meritor is a dynamic and customer-focused group which is committed to ensuring optimum growth at their production plants and aftermarket distribution facilities that are situated on 5 continents and in 19 nations.

The supplier development network is particularly located so as to support new business growth. Regional teams are supported by international centralized specialties, initiatives and quality systems in Materials Engineering and Six Sigma. Meritor's growing Six Sigma program encourages a fact-based, data-driven method to decision making within every part of the company. The DFSS or Design for Six Sigma ensures product reliability in each and every region. The team is also comprised of transactional Green Belts who use Six Sigma tools to business methods and apply lean techniques.
